THE INDEPENDENT

Twenty-eighth Year. GRIMSBY, WEDNESDAY, MARCH 26, 1913 $1.00 Per Year

REEVE SMITH HAD TO BRING IN A CLOSURE ON COUNCIL

North Grimsby Lawmakers Hold a Record Session on Saturday Afternoon. They Would Have Been Talking Yet Only the Clerk Had to Catch a Car.

SAT FOR 10 HOURS

H. G. & B. up for Discussion Again and the Council are Going to Gather Evidence if the Service gets as Rotten in 1913 as it was in 1912. To meet on April 12th.

The lawmakers of North Grimsby township met in the Council chambers on Saturday afternoon last and broke all records for long sitting. In fact, it looked for a while as if they were going to try and break the record being set in the House of Commons at Ottawa.

The Council assembled at 1.30 with Reeve Smith in the chair and all the members present. At six o'clock they decided that a meal would strengthen them up a little and they adjourned to convene again at seven o'clock.

The evening session lasted until after eleven o'clock and the chances are that they would still be in session, but for the fact that Clerk Allan was tired and wanted to catch the 11.17 car, so Council adjourned to meet again in April.

The H. G. & B. electric line, whose cars are commended upon by all travelers as being the cleanliest and fastest bunch of interurban cars in America, came in for a whole lot of discussion and a resolution was adopted, that if the service gets as rotten this summer as it was last, a method be devised to get complaints from the travelling public. Council would have some grounds on which to bring the H. G. & B. alive to the fact that their line of railroad is running through a civilized section of the world and not in darkest part of Africa.

A lot of discussion took place as to the spending of so much money on the mountain and so little below the mountain.

It seems that $2,750 was granted on Saturday for the roads on the mountain,but the best that Councillor Fleming could do, was to secure $150 for work below mountain.

The auditors' report was received and adopted. a copy of which appears in another part of this paper.

Moved by H. L. Roberts, seconded by Alway, that the amount tendered to T. H. Hayhurst in payment in full for his taxes for 1912, be accepted. Carried.

Moved by Sutherland, seconded by Fleming, that the first grant to the Library Board for 1913 be paid now and amount to $150. Carried.

Moved by Fleming, seconded by Sutherland that the Municipal Council of North Grimsby Township hereby sanction the laying out of this property, known as the John Book extension of Grimsby Beach, as shown on the plan prepared by F. N. Rutherford, surveyor, St. Catharines, dated 9th January, 1913 and accept the continuation of Wyldwood Boulevard across lot 4, concession 1.

Gravel for the above named roads being given free of charge to the Township by the Grimsby Beach Co. and the Reeve and Clerk be instructed to sign and seal the said plan.

Moved by Fleming, seconded by Sutherland, that J. E. Lawson be paid for removing 200 rods snow fence at 12½c per rod, to be replaced by wire. Carried.

Moved by Sutherland, seconded by Fleming, that Thos. Pearson be aid for removing 40 rods snow fence at 12½c per rod, to be replaced by wire. Carried.

Moved by Roberts, seconded by Fleming, that if the H. G. & B. ser-

(Continued on page 5)

NEW DIVISION COURT CLERK

Mr. R. T. Johnson of the Firm of Johnson Bros. Appointed in Place of W. W. Kidd, Who Resigned.

A GOOD CHOICE

Mr. Johnson is a Bright, Energetic Young Business Man and Should be an Efficient Clerk.

The position of Division Court Clerk for the Fifth Division Court, Grimsby, left vacant by the resignation of Mr. W. W. Kidd, has been very acceptably filled.

Mr. R. T. Johnson of the firm of Johnson Bros., has been appointed Clerk of this Division and has assumed his duties.

We do not think that a better man could have been picked for the position. Mr. Johnson is young, is a good business man and has the ability to fill such a position. A better choice could not have been made.

"OLD FORTY" RUNNING HIGH

The Forty Mile Creek Flooded Lumber Yards. Cellars Filled up With Water

The "Old Forty," as our old friend "Dick" Palmer, loves to call this [illegible] is [illegible] flooded with water. Va[illegible] nearly every household between the two hills has a complaint to make about his or her cellar being full of water and I guess they are about right.

The heavy rains of Friday and Sunday night and Monday and then some on Tuesday has caused about every cellar in the flat to get filled up with "Adam's ale."

The creek is running at a terrific pace and has spread out till it covers about half of Zimmerman's lumber yards and has filled his barn with water.

STORE HAS BEEN MADE BIGGER

G. E. Miller Extends Length of his Store. A new Optical Room.

Mr. Geo. E. Miller, the popular Grimsby jeweller, has in the past week greatly added to the beauty and also to the size of his store.

The back partition of Mr. Miller's store has been moved back about twelve feet, thus giving him a lot more room in the front of the store.

A new addition has been added to the back of the store, and in the new part Mr. Miller has fitted up a most excellent optical room for the use of his patrons. This room is a great improvment over the old one, and is separated fro mthe main part of the main part of the store entirely, thus assuring patrons of quietness and seclusion while having their eyes tested and glasses fitted.

The store itself has been greatly improved b ythe addition of this extra room and will also help to keep pace with Mr. Miller's growing business.

THE H. G. & B. HAVE GOT TO GIVE US BETTER SERVICE

(A Continued Story)

At the meeting of the North Grimsby Council, held on Saturday last, the following motion was put and carried, re the service on the H. G. & B.

Moved by Koberts, seconded by Fleming, that if the H. G. & B. service reaches a state of disorganization in any way similar to that of last summer and fall, the clerk at once have printed postcards in the following form, and addressed to himself

Date 1913.

I was a passenger on H. G. & B. car No.....this day.

Due to leave.....at.....

It left at.....

Due to arrive.....at.....

It arrived at.....

There was (or was not) seating accommodation for the number of passengers carried.

Signature.....

Witness.....

That these postcards be left at several stores in the Village, where the travelling public can easily obtain them, and an advertisement be put in the local papers, asking the public to co-operate in using them and enable the Council by this means to secure proper evidence to take before the railway commission, and pointing out further that such evidence is the only means of securing a decent service.

That a copy of this resolution be sent to the Councils of Beamsville, Clinton, Grimsby, Saltfleet and Barton, suggesting similar action; also a copy, registered, to the President of the H. G. & B. Railway. Carried.

This motion is certainly a move in the right direction, and Councillors Roberts and Fleming should be congratulated on their foresight. Members of the council we also congratulate and the other favor of the motion, in order that [illegible] of the District may get the service that they are paying for.

There is no doubt in the writer's mind but that Clerk of the Township Allan will have to get the postcards printed and distributed throughout the district, as it is a safe bet that the H. G. & B., will be disorganized this coming summer and fall the same as it was last year.

The trouble with this road, as we have stated before in these columns, is that they are trying to do a million dollar business with a ten thousand dollar outfit, and as a consequence the public is getting the dirty end of the stick and the shareholders are collecting nice fat dividends.

That the postcards will be used is a foregone conclusion.

No doubt the people of this district are willing to pick up a form sheet or a card and sign a complaint, where they would not take the time to go and look up some persons and make a complaint personally.

In the second place, there is not one chance in a thousand of the service on the H. G. & B. being one whit better during the summer and fall of 1913 than it was in 1912.

A gambling man would not hesitate for a minute in laying odds of ten to one that the service during the busy season in 1913 will be as rotten, if not rottener—if it is possible for it to be so—than it was during the season of 1912.

There is certainly a screw loose somewhere in the management of this line. Is there any management at all? Sometimes we think that the road runs itself, and that the big gun of the bunch is the poorly paid, overworked dispatcher.

No. 151 still leaks.

If our readers will brush up their memories a little, they will remember that during our six week's battle for better service, in these columns, that we did not miss a week but that we called the attention of the management of the H. G. & B. to the fact that their "Palace" car 151 leaked like a sieve and that the water ran in through the roof faster than it could run out of the doors

Did it do any good? Not one bit, as far as the roof was concerned. We are pleased to state, however, that 151 was taken off the road for a few days and repainted and varnished up fit to kill, BUT— the roof was never fixed, and 151 still leaks.

On Sunday night 151 left Hamilton at 10:10 in a downpour of rain, and the passengers on the car did not have to go outside to see if it was raining either, as there was as much water coming through the roof as would have come in had there been no roof at all.

Paint and varnish are all right in their place, and God knows 151 could stand a lot of it, but up to the present time scientists have been unable to stop water coming through a roof by the use of a nickles' worth of paint and three cents' worth of varnish.

The time is not far away when the rush will commence, and is the H. G. & B. able to handle it? No, they are not in a posotion to handle the traffic properly that they are receiving, any more than the old stage coach would be able to handle the traffic that is now going into California, although at one time the stage coach was able to handle the traffic, but that day has passed, and so has the day passed that the H. G. & B. is able to handle its traffic over a one horse, rickety, rotten roadbed as it is trying to do.

It is up to the people to back up the motion put through the North Grimsby Council, by making a complaint on paper every time that the line is off schedule and for every other piece of bum service that is sure to be handed to them during the coming summer.

THE INDEPENDENT "The Peoples' Paper started this fight against the H. G. & B. last November, and we did not intend to quit until we have secured for the people of this district a first class service, and clean and proper cars for them to ride in

(To Be Continued Next Week)

THE BRICK WORKS WILL RUN NIGHT AND DAY

The new Proprietors say Works has a Capacity of Over 50,000 Brick a day and of About 30,000 at Night.

BEST BRICK MADE

Electric Lights, Better Railroad Accommodation, Better Accommodation for Help are Some of the Improvements to be Made.

Major Chas. Vane and Mr. G. W. Bartlett, the new purchasers of the Beamsville Brick Works, run for years by Mr. Geo. Crain, are advertising in another portion of this paper a limited number of the $150,000 six per cent Sinking Fund Debenture Bonds of the Excelsior Brick Co.

These bonds are redeemable at 105 and are selling at the price of 92½, and carrying a bonus of 25 per cent in fully paid and non-assessable common stock.

The Excelsior Brick Company is capitalized at $250,000, divided into 2500 shares of $100 each, [illegible] of which have been issued and are fully paid and non-assessable and $150,000 in 6 per cent 15 year sinking fund debenture bonds redeemable at 105, all of which have been issued.

The directors of this company are some of the best known financial men in Ontario. Mr. Geo. P. Reid, the president of the company, has been for years a director of the Union Bank Canada. Mr. Robert [illegible] Kerns, [illegible] is a son of the late Col. Kerns, whose death took place a couple of weeks ago.

It is the intention of the company to run the Beamsville works night and day and also the Burlington plant which is now under construction at Appleby Ont.

The output capacity of the Beamsville plant is now over 50,000 per day and with the changes that will be made in this plant, its capacity will be greatly increased, besides the turning out of thirty thousand brick on the night shift.

New kilns are to be built, electric light installed, more railroad accommodation secured for the handling of shale and more accommodation for the increased staff. Until sufficient kiln capacity has been constructed, the bricks will be burnt in open kilns.

It is well known that the supply of brick in the Province of Ontario and more especially in the big Cities of Toronto and Hamilton, is far below the demand; so much so that millions of brick are being brought into Ontario every year from distant places in the United States and Great Britain thus causing the steady rise in the price which has been taking place so steadily during the past two years.

The great amount of building which has been going on and which is greatly increasing, is demanding more and more first class brick and the brick manufactured at the Beamsville works is the best of the bunch.

The Beamsville brick was used exclusively in the building of the water works tunnel for the City of Toronto under the bay and was accepted above all other bricks for the construction of the Canadian Niagara Power Company's tunnel at Niagara Falls.

The Beamsville brick has been used to a great extent by the G. T. P. and T. N.O. railroads in the work of construction and building of stations and is giving the best of satisfaction.

It is the intention of the new owners to work the Beamsville plant night and day, and there is no doubt but what the supply will be readily contracted for, as the Beamsville brick is considered the best in Canada.

The Beamsville factory is fully equipped with every requisite for manufacturing on a large scale, the buildings are in good condition.

Apart from engine and boiler, grinders, dryers and all subsidiary machinery the plant comprises one Simpson 4-Mould Press and one Simpson 2-Mould Press capable of manufacturing over 20,000 pressed bricks a day; and a Centennial Auger machine with a capacity of 30,000 wire-cut, or an output capacity of over 50,000 bricks a day.

WONDERFUL LIVER CURE

If your life seems hopeless get a bottle of Parke's Liver Cure and note the almost immediate improvement in your condition. Parke's Liver Cure by its action on the liver and kidneys helps nature wonderfully. Large bottle $1, now 75c; large 50c bottles now 40c. Parke & Parke.

WINDSTORM ON FRIDAY LEAVES DESTRUCTION IN IT'S WAKE

This District Visited by a Small Sized Cyclone Which Does Hundreds of Dollars Worth of Damage Poles and Wires Blown Down in All Directons.

60 MILES AN HOUR

Barns and Outbuilding on the Mountain Suffered the Most. Telephone Service Was Practically Demoralized. Greenhouses Escaped Without Much Loss.

One of the worst windstorms ever known in the history of the Niagara District, visited the peach belt on Good Friday and did many hundred dollars worth of damage.

Friday morning broke clear and nice and everybody looked for a nice bright day on the holiday. About 11 o'clock the barometer started to drop and went down very suddenly and away lower than usual when a storm is brewing.

About 11.45 it commenced to rain and the wind sprang up and the real blow commenced.

The rain ceased about 3 o'clock, but the windstorm continued and got worse as evening drew on.

At times during the afternoon it gathered a velocity of sixty miles or over and from one end of the country to the other, it left destruction in its wake.

In Grimsby, the town was in total darkness all evening, on account of the power being off, and there was no power to run the waterworks pumps.

Poles, trees, barns and in fact everything that came in the road of the wind, was blown down or nearly [illegible]

[illegible] did not fall on the tracks, going to the north and breaking the high tension line of the D. P. & T.

On the mountain the wind was even worse than below the hill and about everything that was not nailed down tight went sailing through the air.

The windmill at the doors on Mr Stewart Walker's barn on the Ridge road, were ripped off. Mr. Hugh Gibson's fine big barn and sheds were razed to the ground as though they were built of paper.

Mr. E. E. Bovaslaugh's barn at Vinemount was completely demolished, while the barn of Mr. John Harper on the Hagar farm at Vinemount was badly damaged. The roof of Mr H. Storch's barn was ripped off and carried a considerable distance away.

Other barns and outbuildings throughout the mountain district

BANK OF HAMILTON

Your Successful Friends

THOSE envied boyhood companions of yours who have made a success in the business world, probably made their fortunes by systematic saving. When their opportunities arrived, the accumulated savings were large enough to take advantage of them.

Few successes are attained without money—to the man with a savings account many things are possible.

Without further delay you should open an account with this bank. One dollar is enough. Make saving a habit; and your regular deposits, together with the interest they will earn, will build up your balance in a surprisingly short time

BEAMSVILLE PUBLIC SCHOOL REPORT

The following is the report of the Public School for the month of February:

Room IV.

Entrance Class Honors—None.

Pass—Odella Crooks, Irene Garlett Violet Tufford, Gladys Bisbee, Willie Reid, Mina Culp, Norman Southward Pearl Stirling, Cora Coleman, Edna Beecham, Ned Fairbrother, Myrtle Stirling, Vernal Crooks, Stella Cowland, Clarence Konkle.

Jr. Honors—Violet Portues, Harry Blackburn, Bessie Karr, Verna Russ, Vera Tufford.

Pass—Alex Fairweld, Jessie Konkle, Dan Groff, Fern Furler, Willis Tallman, Harold Gibson, Doris Frampton.

Room III.

Sr. Honors—Cecil Ely, Terry Fairbrother, Reita Hewitt, Myra Huntsman (Blanche Huntsman, Charlie Garlett) Margaret MacLeod.

Pass—Lucie Ryckman, Vera Konkle, Clifford Bartlett, Paul Jones, Albert Hitchman, (Edna Keith, Andrew Comfort).

Jr. Honors—Harding Jones, Howard Boughner, (Gertrude Shirton, Myrtle Kelter), Bobbie Bartlett.

Pass—Kathleen Jemmett, Grace Southward, Jane Bentley, Clarence Tufford, Loraine Bisbee.

Room II.

Class 2 Honors—Alfred Barnes, Nora Huntsman, Harold Hicks, Vance Tufford, Mabel Little.

Pass—George Seymour, Reggie Stargess, Jessie Bellow, Elsie England, George Dawson.

Class 1 Honors—Eliza Karr, (Alex MacLeod, Bobbie Groff) Doreen Kennedy, Bernice Robinson.

Pass—John Karr, Margaret Southward, Ethel Russ, Margaret Fairfield, Earl Portues, Leila Jones.

Room I.

Class 4 Honors—Kathleen Fairbrother, Elsie Moore, Ernest Juhlke, George Cromwell, Goldie McCrea, John Bartlett, Elsie Bisbee.

Pass—Pearl Konkle, Nevell Nelson.

Class 3 Honors—Ivy Barnes, Bob Kennedy, Margaret Johnson, Wilfred Lay, Harry Little, Norman Groff, Agnes Wellwood.

Pass—Hilda Hicks.

Class 2 Honors—Murven Claus, Helen O'Neil Kathleen Hooper, May Juhlke.

Pass—Aylmer Mavor, Lily Bellew.

Class 1 Honors—Thelma Little, Harry Kennedy, Rhoda Cromwell, Eric Lumley, Willie Groff.

[illegible]

(Held over from last week)

The Clinton Township Council met in Bennett's Hall on Monday.

The concert given by the Ladies Aid of the Methodist church on Monday evening was a grand success.

Geo Greves of Dunnville was home over Sunday.

Messrs Moxley & McCombs, who have been in the employ of W. J. Birk, plumber and tinsmith, have started in business for themselves, in the Honsberger building.

The millinery opening at Book Bros.' store yesterday and today have been the centre of attraction.

Constable A. B. Tufford went to Kingston with a prisoner from St. Catharines on Monday.

The funeral of the late Ephriam Hipple took place from the family residence on Saturday afternoon last to Mount Osborne cemetry.

Elmer Disher was severely injured on Tuesday afternoon last. He was driving on the main road west of the village when the horse became frightened and ran away. He was thrown out and had three ribs broken. At the present time he is doing nicely.

The Social Club contemplate an evening entertainment on Good Friday.

The death occurred on Sunday of Robt. O. Konkle one of Clinton townships oldest and most highly respected residents. Mr Konkle was well known and held in the highest esteem by every one that knew him. He has been a staunch conservative all his life and a valued member of the Presbyterian Church, prior to interment in the cemetry adjoining. Rev. Laing officiated.

ABINGDON

Rev B. Atkins preached his farewell sermon on Sunday last. Mr. Atkins intends leaving for the west in a short time.

Edgar Enyder has bought a small fruit farm at Vineland and will be leaving this neighborhood in a few weeks.

J. W. Springstead has bought the twenty-five acre bush lot of the late John Jackson, paying a good figure.

The Township Council met in the Township Hall on Saturday. A large ly signed petition was presented, which received their earnest consideration, for removing the hall to Calstor Centre.

Maple syrup making is the order of the lay.

On Thursday evening of last week the young people of the Epworth League met at the home of John and Mrs. Packham and presented their pastor, who is leaving, with a beautiful morroco hymn book. Although taken completely by surprise, he thanked them very heartily for their kind remembrance.

A representative of the Post Office Department was calling and making arrangements for a new free rural mail delivery, Calstor Centre to be the distributing point.

NEW BOOKS AT LIBRARY

Another consignment of new books has arrived at the Grimsby Public Library and are now placed upon the shelves for the book-lovers.

The following are the new ones:

Title.	Author
Lawrence Clavering	Mason
Robinetta	Wiggin
A Rock in The Baltic	R. Barr
An Island in The Air	Ingersoll
The Black Wolf's Breed,	Dickson

Particulars from Canadian Pacific Agents or write M. G. Murphy, District Passenger Agent, Toronto.

LOST VITALITY

Caused by Kidney, Stomach and Bowel Disorders

St. John, N. B., Sept. 18, 1911. —My brother was a great sufferer from kidney, stomach and bowel troubles and was given up by two doctors. He was advised to try Fig Pills, which he did, and after taking five boxes was completely restored to health and is better today than he has been for years. You can't recommend Fig Pills too highly.

J. W. Manvers.

At all dealers, 25 and 50 cents or The Fig Pill Co., St. Thomas, Ont.

Sold in Grimsby, by The W. M. Stewart Drug Co., Limited.

PRACTICALLY GIVEN UP TO DIE

"Fruit-a-tives" Cured Kidneys and Bladder

WILLIAMSTOWN, ONT., JULY 27th, 1910

"I have much pleasure in testifying to the almost marvellous benefit I have derived from taking "Fruit-a-tives". I was a lifelong sufferer from Chronic Constipation, and the only medicine I ever secured to do me any real good was "Fruit-a-tives". This medicine cured me when everything else failed. Also, last spring, I had a severe attack of Bladder Trouble coupled with Kidney Trouble, and "Fruit-a-tives" cured these complaints for me, when the physicians attending me had practically given me up.

I am now over eighty years of age and I can strongly recommend "Fruit-a-tives" for Chronic Constipation and Bladder and Kidney Troubles"

JAMES DINGWALL

"Fruit-a-tives" is the only medicine in the world made of fruit juices—and is the greatest kidney, bladder and liver medicine ever put on the market.

50c a box, 6 for $2.50 trial size, 25c. At dealers or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

SYNOPSIS OF DOMINION LAND REGULATIONS

Any person who is the sole head of a family, or any male over 18 years old, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-agency for the district. Entry by proxy may be made at any agency, on certain conditions by father, mother, son, daughter, brother or sister of intending homesteader.

Duties—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres solely owned and occupied by him or by his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter section alongside his homestead. Price $3 per acre.

Duties—Must reside upon the homestead or pre-emption six months in each of six years from date of homestead entry (including the time required to earn homestead patent) and cultivate fifty acres and erect a house worth $300.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may enter for a purchased homestead in certain districts. Price $3 per acre. Duties—Must reside six months in each of three years, cultivate fifty acres and erect a house worth $300.

W. W. CORY,
Deputy of the Minister of the Interior.

N. B.—Unauthorized publication of this advertisement will not be paid for.—26686.

MAIL CONTRACT

SEALED TENDERS addressed to the Postmaster General, will be received at Ottawa until noon on Friday, the 25th April, 1913, for the conveyance of His Majesty's Mails on a proposed Contract for four years, six times per week over rural mail route from Beamsville, Ontario, to commence at the pleasure of the Postmaster General.

Printed notices containing further information as to conditions of proposed contract may be seen and blank forms of tender may be obtained at the Post Offices of Beamsville, Campden Tintern and at the office of the Post Office Inspector at Toronto.

G. C. Anderson,
Superintendent.

The Amateur Gentleman

By Jeffery Farnol

Without doubt "The Broad Highway," by Jeffery Farnol, issued two years ago, was the most likable novel of the last decade.

"The Amateur Gentleman" is his first long novel published since.

The period is the same as "The Broad Highway." Many critics claim the story is superior. It carries you along with a great swing—we can't quite express how good it is.

The adventures of Barnabas, "The Amateur Gentleman," will give you many an hour of delight.

Notice for Creditors

In the matter of the estate of Catharine Patterson, late of the Township of North Grimsby, in the County of Lincoln, deceased.

NOTICE is hereby given that all creditors and others having claims against the estate of Catharine Patterson late of the Township of North Grimsby, in the County of Lincoln, deceased, who died on or about the tenth day of December, A. D., 1912, are on or before the first day of April, A. D., 1913, to send by post prepaid or to deliver to W. A. Patterson, one of the executors or to the undersigned, their names and addresses, and full particulars of their claim or claims duly verified and the nature of the securities (if any) held by them.

And further take notice that after the said first day of April, A. D., 1913, the said administrators will proceed to distribute the assets of the said estate among the parties entitled thereto, having regard only to the claims of which the said administrators shall have then notice, and the said administrators will not be liable for the said assets, or any part thereof, so distributed, to any person or persons, of whose claim or claims notice has not been given at the time such distribution is made.

DATED at Grimsby this 17th day of March, A. D., 1913.

PRESIDENT H. L. ROBERTS' ADDRESS AT THE MEETING OF THE NIAGARA PENINSULA FRUIT GROWERS' ASSOCIATION

(By Free Lance in Weekly Fruit Grower)

I am comparatively a new comer in the fruit business. I have been at it only ten years, but I am beginning to learn something.

The conversion of fruit into cash interests growers the most.

Last season we had a glut in two things. It is the gluts that hurt us. The members of co-operative societies are not making much more than outsiders, but they are helping the markets.

We should encourage co-operation in every way, because eventually everyone will co-operate, and to the members of these societies I would say 'Don't be discouraged, stick to it.' In planting an orchard nearly all of us figure upon a square shaped orchard, not taking into consideration, the hollows, waste ground, etc., that may be in it.

There is, of course, a certain advantage in having an orchard square, but every fruit has its likes and dislikes in point of soil, and we should plant our orchards according to our land.

By not doing so, we find that one portion of our ground is in proper shape to work when the other is not, and vice versa. We should make our orchards fit our soil.

In the matter of drainage, I have had a good deal of trouble with choked drains from roots, etc., and it is not good policy to run main drains where tree roots are likely to get into them.

I think that it is a good plan to put down the main drains first and then run the roadways over these drains, so as to get the trees far enough back to be away from the drains. We must put these drains deep, for the frost will penetrate deeper under roadways.

When drains run deep in one place and shallow in another, the tiles are apt to freeze in the shallow parts. The drains should be below frost depth.

The main drain should be deep also, to allow of the laterals being brought in above it and dropped straight into the drain.

There is only one joint equal to this situation, that is the old-fashioned T-shaped tile, a stone being put over the end of the lateral—these are now laid in cement—so as to drop your lateral into the main.

Deep drains do sometimes get clogged with roots, deep drains will not escape roots as the deeper the drain the more likely the water is to run during the summer. I have never found peach roots in the drain.

In heavy soil I would rather put more drains and have them shallower than in light soil, as I prefer to have the ground dried quickly.

In this section I think that we are over-rating our sand as compared with our clay. We don't and we don't feed the latter.

Old Countrymen prefer the clay, but the clay in Scotland has not been allowed to run down as it has here and the lack of humus in it is the main thing reventing the clay from being right here.

In our planting there is a tendency to plant varieties giving a big crop, rather than quality. I advise planting with an eye to the possibility of "Reciprocity," and to pay some attention to the American market.

We must aim at quality. In producing a big lot of moderately good stuff they can beat us every time. This idea may help you to plant for your own market also.

Keep the birds active by making them scratch for their food in straw or similar material, and they will not mind the cold much. This is important. A hen that doesn't have to work to get food will likely get fat and a fat hen doesn't lay eggs.

Prune and burn all diseased limbs or dry fruits clinging to the plum or apple tree.

APPLE GROWING IN KENT ENGLAND

(By Free Lance in Weekly Fruit Grower)

Last fall an exhibition of apples was held in Maidstone, Kent, and the quality of the fruit exhibited was such as to prove that apples can be grown in Kent as well as in any country in the world.

Apple trees may be more prolific and the size and color of the fruit superior in other countries, such as Canada, New Zealand and Tasmania, but for qualities which are of most importance, namely flavor and wholesomeness, British apples stand first in the opinion of English people.

Maidstone is in the centre of a large fruit growing area, the soil being very fertile and particularly suitable for the cultivation of fruit.

It is a district of meadows, wheat fields, hop gardens and orchards of apples, pears, cherries and filberts.

From Maidstone to Mereworth there are hop gardens and orchards, two miles deep on the side of a gentle rising ground and the orchards are a great feature of the country.

The objects of this show were educational, namely, to reveal the quality of the best methods of packing and to instruct growers how it can best be marketed.

There can be no question as to quality, nor as to the ability of Kentish growers to produce them in any quantity. The difficulty is to make them a steady source of reasonable profit to the growers.

The obstacles are those connected with the marketing and distribution of the fruit among consumers. If growers could get anything like the prices consumers have to pay for their fruit there would soon be a large increase in the area of land devoted to its production.

The Kent people are doing good work by organizing these shows. Last year the show was at Ashford and next year it is proposed to have one in London.

About 1,200 boxes of fruit were shown and while most of it was grown in Kent, there were also contributions from Surrey, Sussex, Hereford, Cambridge, Worcester, Suffolk, Norfolk and Devon.

Altogether, it was perhaps the finest display of apples ever seen in England.

At the luncheon held at the Royal Star hotel on the first day of the show, Lord Lucas, representing the Board of Agriculture, stated that the Board was viewing the fruit growing industry from a national standpoint and meant to help it all they could.

It was intended to establish experimental fruit station, where the pests and insect pests which attack fruit trees and different methods of cultivation could be studied and demonstrated.

Cure Dandruff for 50c

THAT'S CHEAP ENOUGH FOR ANYONE.

It's easy, and you take no risk. Go to W. M. Stewart, the druggist, today, and get a large 50 cent bottle of PARISIAN Sage, the germ killing hair restorer.

If it does not cure dandruff in two weeks, he will give you your money back.

PARISIAN Sage is a pleasant, daintily perfumed tonic and hair grower. It is guaranteed to stop falling hair or itching of the scalp and to cure all diseases of the scalp and hair.

PARISIAN Sage has many imitators—get the genuine. The R. T. Booth Co., Ltd., Fort Erie, Ont., Canadian makers.

BORN

Storrs—On Thursday, March 20, 1913, to Mr. and Mrs. F. G. Storrs, Grimsby, a daughter.

Electric Restorer for Men

Phosphonol restores every nerve in the body to its proper tension; restores vim and vitality. Premature decay and all sexual weakness averted at once. Phosphonol will make you a new man. Price $3 a box, or two for $5. Mailed to any address. The Scobell Drug Co., St. Catharines, Ont.

Or at Stewart's Drug Store.

JAS SHEA'S BUSINESS CHANGES HANDS

Announcement was made Thursday morning of a change in the ownership of Shea's, limited, drygoods store on King St., Hamilton. Papers were signed Wednesday by James and Walter Murray of London, and Scott Murray and Alex S. Dickson of Hamilton, transferring the good will and business for the sum of $80,000. The new owners will take possession of the business on Wednesday next. James Shea, the founder of the business, is retiring. It is understood the name of the company will be changed shortly to that of Murray & Son.

FRUIT GROWERS ATTENTION

We draw the attention of those who have not already contracted their tomatoes for this season that our allotment is about filled and those desiring to contract tomatoes should do so at once, by phone or mail. If there is anyone in the Grimsby district who wishes to plant out anywheres from 5 to 25 acres of strawberries this season, we would be pleased to hear from them and make contracts for 1914, with the assistance of picking their berries or picking them all. The larger the amount of acreage the better it would suit us.

Notice—Mr. E. D. Told will arrive here with a carload of potatoes about April 1, on his switch at factory. No. 1 sandy grown potatoes at a reasonable price. Anyone wishing to place orders large or small, phone 38.

There Are Some

of our subscribers quite a long time in arrears on their subscriptions!

Are YOU one of them?

We cannot run an expensive paper without money and to get that money we depend, to a great extent, on our subscribers.

Think it Over!—Let us Hear from you with a Remittance!!

The Publishers.

THE BLESSING OF MOTHERHOOD

Healthy Mothers and Children Make Happy Homes

Motherhood is woman's highest sphere in life. It is the fruition of her dearest hopes and greatest desires; yet thousands of noble women through some derangement have been denied this blessing.

In many homes once childless there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong. This is evidence by the following letters which are genuine and truthful:

London, Ont.—"I wish to thank you for the benefit I received by taking your famous medicine, Lydia E. Pinkham's Vegetable Compound. Before my baby was born I was so ill I could not stand long or walk any distance. I had to lie down nearly all the time. After I took your medicine I felt like a new woman. I could work from morning till night and was happy and well. I certainly think it relieves pain at childbirth and recommend it to every woman who is pregnant. You may use this testimonial if you like. It may help some other woman."—Mrs. FRANK CORBIN, 132 Adelaide St. London, Ont.

Brooklyn, N.Y.—"I was ailing all the time and did not know what the matter was. I wanted a baby but my health would not permit it. I was nervous, my side ached and I was all run down. I heard that Lydia E. Pinkham's Vegetable Compound was good and took the medicine. I have now a beautiful baby and your Compound has helped me in every way."—Mrs. J. J. STEWART, 299 Humboldt St., Brooklyn, N.Y.

Fruit growers desiring help may secure the services of young men from the Old Country, who are coming out in April, and expect to attend the Agricultural College, in September. Wages must average about $15 a month and board. A number will arrive in Guelph from April 1 to 15. Anyone in the Grimsby District desiring one or more of these men, will please notify the president of the Ontario Agricultural College, Guelph.

The sale of the Beamsville brick works, lately owned by Mr. Geo. Crain, to Major Chas. Vane of London, Eng., has caused considerable interest and brought a number of visitors to our town. Major Vane, we understand, has transferred the property to the Excelsior Brick Company Limited of Toronto, who are about to construct a second factory at Burlington. Among the visitors have been Mr. R. V. Weldon, a director of the Excelsior Brick Co.; Mr. Jas. H. Miller of Toronto, Capt. and Mrs. Bartlett of Quebec; Capt. Harry T. Munn of London, Eng., and Mr. D. Beatty of Toronto. Major Vane and Mr. Geo. W. Bartlett, who are in charge of the works, have taken up residence in our midst at the Village Inn and we welcome them to our town and wish them all good luck in their undertaking.

BESIDES

K. M. STEPHEN
GRIMSBY

NO SIR

A sign on King Street East, Hamilton, blew down during the gale on Good Friday. The wind is one thing that doesn't believe in signs.

Everything to Wear Everywhere

There's a lot of Clothing that's fine---on paper

It's like the dinner bill-of-fare of some hotels—"it reads well." Our best shouting is done by the clothing itself—and by every man who wears it.

The proof of the clothes is the wearing thereof—and that's our first concern. We make makers make this clothing the way we want it made, with seams a little stronger, with cloth a little better, and with a little better grade of general workmanship than is usually put into clothes at $20.00.

In style we try to cover the field--the nifty swagger cuts for young men that go to college—or want to dress like those fellows that do; the more conservative styles for men who have business affairs to attend to, and who want to look neat at all times.

Don't take our word for it. Any statement we make is not to be considered on paper only. Go out and make your own comparisons—look at the other clothing—and then look at ours. Study it critically from every angle—style, workmanship and quality—and you'll find that our statements are conscientiously honest. Personally we have never seen such excellent suits as those we are selling at $20.00.

Other lines from $9.95 to $30.00.

In our boys' department we start suits at $3.50 and stop at $16.50. With each suit at $5.00 and over, we give an Ingersoll watch, a knife, a fob, a base ball and bat, or a catcher's mask.

My pant tables at $2, $3, $4 and $5; save men from 50c to $2.00.

Those black and blue Derby Hats that I bought in New York, with the bows at the back, are here now, and here only.

TOBEY

50 and 52 James St. N.

HAMILTON

THE 2 T'S

REEVE SMITH HAD TO BRING IN A CLOSURE ON COUNCIL

(Continued from page 1)

vice reaches a state of disorganization in any way similar to that of last summer and fall, the Clerk at once have printed, postcards, in the following form and addressed to himself:

Date. 1913.

I was a passenger on H. G. & B. car No. ..... this day.

Due to leave ..... at .....

It left at .....

Due to arrive ..... at.....

It arrived at .....

There was not seating accommodation for the number of passengers carried.

Witness .....

Signature .....

That these postcards be left at several stores in the Village, where the travelling public can easily obtain them and an advertisement be put in the local papers asking the public to co-operate in using them and enable the Council by this means to secure proper evidence to take before the railway commission and pointing out farther that such evidence is the only means of securing a decent service.

That a copy of this resolution be sent to the Councils of Beamsville, Clinton, Grimsby, Saltfleet and Barton suggesting similar action; also a copy, registered, to the President of the H. G. & B. Railway. Carried

Moved by Roberts, seconded by Sutherland, that the auditors' report be received and adopted and that Mr Reid be granted $5 additional in recognition of his work in preparing the statement for the Government. Carried.

Moved by Alway, seconded by Roberts, that the Clerk communicate with our engineer re the necessity of having a petition signed by the majority of parties interested, before calling on him to lay out and apportion a ditch which comes under the Ditch and Water Course Act, and that the Clerk act according to the information received. Carried.

Moved by Fleming, seconded by Roberts, that the sum of $50 be granted for the purpose of making a walk on the north side of the road running from the top of the Grimsby mountain east and that Mr. W. B. Russ be in charge of the work. Carried.

Moved by Roberts, seconded by Fleming, that Councillors Sutherland and Alway be a committee to superintend the necessary repairs to crusher and roller. Carried.

Moved by Fleming, seconded by Sutherland, that the order of Messrs Book Bros., to supply 100 cords of stone for $450 be accepted and that 75 cords be placed on No. 5 concession road running east from the Smithville and Grimsby stone road, the hauling of same to be done by the ratepayers and that 25 cords of stone be placed on the Smithville and Grimsby stone road. Carried.

Moved by Sutherland, seconded by Fleming, that 50 cords of stone be placed on the road running west on Concession 2, in lots 14 and 15, the hauling of stone to be done by the ratepayers. Carried.

Moved by Roberts, seconded by Fleming, that $250 be granted for stone on Elm Tree road, the hauling of same to be done by the ratepayers, as per Mr. Crosby's offer. Carried.

Moved by Alway, seconded by Roberts, that 100 cords of stone be crushed at Grimsby mountain for repair of Grimsby mountain and Grimsby and Smithville stone road.

That 80 cords of stone be crushed at Woolverton mountain for repair of stone road from top of Woolverton mountain to S. Walker's corner and thence west on Ridge road, and for building of new road on Woolverton mountain road as per Bingle's offer. Carried.

Moved by Roberts, seconded by Alway, that the Reeve and Clerk be a committee to visit the Hamilton Bridge works and make arrangements regarding the bridge required on concession 5, also to interview the chief engineer or roadmaster of the T. H. & B. Railway, regarding the water-course at the T. H. & B. crossing on Cline Mountain road and the blocking of the concession road at that point. Carried.

Moved by Fleming, seconded by Roberts, that a grant of $100 be made towards provided a path on the road running north from the Q. & G. road to the boss line between lots 6 and 7. Carried.

Moved by Fleming, seconded by Alway, that the cement sidewalk on west side of Robinson St. be extended 200 feet south, 40 per cent of total cost to be paid by owners of frontage.

Nay—Sutherland, Roberts.

Yea—Fleming, Alway, Smith.

Carried.

Moved by Alway, seconded by Roberts, that the following accounts be paid:

Frank Hurst, E. Rd. Div....	$43 18
A. T. Hunter, Scale Ins.....	71 40
Can. Express Co., Express on curtains for roller..	50
S. Walker, W. Rd. Div.	12 98
Harry Walker, Scale Ins....	37 10
C. H. Bromley, Scale Ins. ...	16 20
Wm. H. VanDuzer, auditor fee	5 00
E. H. Read, auditor fee and extra fee	10 00
Library Grant, 1st payment	150 00
Council and committee fees ..	25 00

Carried.

Moved by Alway, seconded by Sutherland, that this Council do now adjourn to meet again April 12, at 1.30 p. m. Carried

THIRTY MOUNTAIN

Mrs. Whitney Groff spent the holidays in Hamilton.

Mr. Isaac Sweet shipped a consignment of fat hogs to Hamilton last week.

Miss Helen Teeter of Grimsby Beach, is visiting Mrs. Swackhammer.

The Misses Macrae are spending their Easter holidays with their aunt, Mrs. George Baters.

Mrs. Brown went to Hamilton last Saturday and was operated on for

WINDSTORM ON FRIDAY LEAVES DESTRUCTION IN ITS WAKE

(Continued from page 1)

were also damaged and blown over.

In Grimsby, the telephone and telegraph companies were pretty badly tangled up. The big telephone pole in front of the post office, measuring about four and a half feet around the butt, was broken off right at the ground, while a Cataract pole across the street from it snapped off as if made of match wood.

A big pole in front of Mr. T. Liddle's residence was blown over and hung suspended in the air over the H. G. & B. tracks for nearly ten hours.

For once in their lives the greenhouse men in this district were lucky and escaped with very little damage.

Mr. John Kerman places the damage at $100 in his greenhouses and thinks he is lucky to get off so easily, as he expected to see everything go to the ground.

In talking to the INDEPENDENT, Mr. Orlando Offield said, "I have seen some bad storms and my greenhouses have passed through some bad ones, but the storm on Friday was the worst I have ever seen. I never expected to see one of my houses left standing by the time the storm was over, but thank goodness, I escaped for once and my damage will not exceed fifty dollars.

The troublemen and linemen of the D. P. & T. were out all through this district, and in Grimsby fixing up wires and poles all through the storm and they said the damage was something awful.

Mr. E. J. LePatourel, manager of the Bell Telephone Company in Grimsby, said that the storm was the worst he had seen of its kind in all his long service with the Bell Company. Up in front of Boughaugh's farm at Vinemount, this company had three poles blown over right alongside of one another.

Lines and phones were out of order all over the district, poles were down, wires were down and in fact, the service was practically demoralized.

Mr. LePatourel expected to have every phone back in working order and all the damage repaired by the end of this week.

Taking it all in all, the storm was a pippin and we are mighty lucky that it did not get as bad as it did in Omaha, Neb., on Sunday.

At the lake, Old Ontario made one think that he was standing on the seashore, instead of along the banks of a body of fresh water. The wind seemed to get right under the water and it would shoot fifteen and twenty feet in the air and come down like the spray from Niagara Falls.

The waves rolled up over the piers and on to the banks as if driven by a thousand hundred horse power engines.

The fishermen at the lake say that they have seen Lake Ontario in some ugly moods but none that could ever touch the storm of Friday.

At Beamsville the power company suffered severely, poles being snapped off and wires being torn from the insulators. The trouble men had a weary afternoon and night of it over long stretches of country in terrible roads.

About three o'clock in the afternoon a high brick chimney fell through the office roof of the H. G. & B. station. The employes heard it start and fled.

The crashing down of the board fence on the Mountain street road frightened a horse belonging to Frank Lane and the animal broke away and demolished the rig.

Dozens of barn roofs are blown partly asunder and there are few rail fences in any part of the township that are not flat.

The fine big barn of Mr. Thompson, on top of the mountain, considered to be one of the finest barns in the county, was completely demolished.

ADDITIONAL LOCALS

Wanted—A first class, unmarried man to work on a fruit farm and commence at once. Apply to W. T. Softley, Depot St., Grimsby.

Dear Sir—Will you please make a special effort to be present at the Council chambers on Thursday evening of this week, March 27, at 8

We offer our sincere congratulations to Mr. Geo. Crain, who has just sold his Beamsville brick works and intends to withdraw from business. Before coming to our neighborhood, Mr. Crain worked for many years as a successful contractor and builder at Brockville and Ottawa and acquired the Beamsville works just 15 years ago. Since that time his life has been spent with us and now after a long period of useful and profitable work, he retires from active business. We wish Mr. and Mrs Crain many years in which to enjoy the blessings of a happy and peaceful life.

Mr. Wm. Montgomery, who is teaching in Sarnia, is spending the

WANTED—A GOOD SMART BOY ABOUT 15 TO LEARN THE NEWSPAPER BUSINENSS. WAGES RIGHT FROM THE START. APPLY AT THE INDEPENDENT OFFICE.

RECITAL A SUCCESS

A very successful recital was given in Snetsinger's Hall last Thursday by Misses Gertrude Barr and Myrtle Krick, assisted by Mrs. Robt. Jex, cellist and Mr. Norman Cleave, basso. These young ladies displayed remarkable ability and reflect great credit on their teacher, F. M. Howard. The program was classic throughout, therefore, not appreciated by some, but was much appreciated by those with a taste for the refined in music. Mr. Cleave has a very deep voice and was encored. Mrs. Jex is a clever cellist.

The program follows:

1 LISZT Dream of Love

Liszt, born in Hungary in 1811 was a piano virtuoso of the first rank, for which he is better remembered than for his creative genius.

2 SCHUMANN Novelletten in Dminor

Schumann was a remarkable pianist, but his compositions were not at first favorably accepted being somewhat in advance of his time. This novelletten is remarkable for it's close harmony which is decidedly dissonant in places.

Miss Gertrude Barr

3 JUDE The Mighty Deep

Mr. Norman Cleave

4 BOHM Sequidilla

The Sequidilla is a lively dance of Spanish origin now obsolete as a dance, but the form is often used as a basis for artistic creations.

REYNALD The Fountain

Reynald, though not a writer of great distinction, has written many light drawing room pieces. This little tone poem suggests the playful waters of a fountain.

Miss Myrtle Krick

5 TCHAIKOWSKY Chant Sans Paroles

This "Song without words" is one of this Russian composer's best known little melodies. His genius at composition is best shown in his symphonies, which are marvelous works of work.

Mrs. Robert Jex

6 CHOPIN Valse in E minor

Most of Chopin's compositions seem to have an underlying vein of melancholy throughout. His life in Paris was not altogether a happy one, and consumption ended his career prematurely.

7 MENDELSSOHN Andante and Rondo Caprice

It is interesting to trace the playful application of the motive of this caprice which runs through the entire Rondo, now in one voice part, now in another, with varying harmonies and combinations, yet forming one symmetrical whole.

Miss Gertrude Barr

8 PETRIE A Thousand Fathoms Deep

Mr. Norman Cleave

9 MATHESON Minuet

Mrs. Robert Jex

1 ASCHER Transcription "Alice"

This well known song has been beautifully ornamented and embellished by Ascher in his adaption of it for the piano.

Miss Myrtle Krick

11 GREIG Norwegian Wedding March

The quaint harmonies and peculiar rythms of the Norwegian folk song are well pictured by Grieg in this odd march. His ability as a writer of this style is known world wide.

Miss Gertrude Barr

SMITHVILLE

Mr. and Mrs. M. Leggatt and children and Miss Flossie Gove of Hagersville, are visiting at Mr. B.

Beamsville Brick and Terra Cotta Co'y.

Mansion House, Main Street, GRIMSBY, ONT.

Mr. Pysher and Miss Pysher are visiting at Toronto.

Mrs. McMurchie is spending the holidays with her son at Owen Sound.

Messrs Gracey and Gorin spent Thursday last in Toronto.

Mr. and Mrs. R. J. Crosby spent the week-end at London.

Miss Freda Patterson of Detroit, is visiting relatives here.

Mrs. S. J. Kohler is visiting Mr. and Mrs. A. M. Patterson, Toronto.

Mr. Lorne Nevills has gone to Hamilton, where he has secured a position.

Mr. and Mrs. Fred Morgan and family have returned to Fenwick.

Mr. Fred Murgatroyd is spending the holidays at Aylmer.

Master Allan Collins has gone to Detroit to spend the holidays.

Miss Annie Wade has returned to New York to resume her duties.

Mr. and Mrs. J. Morley spent the week-end at Galt.

Miss Agnes Deans of Hagersville, is visiting her parents, Mr. and Mrs. Deans.

Mr. and Mrs. Chas. Miller of Hamilton spent a few days with relatives here.

Miss Laura Shrum entertained a number of friends on March 17.

Mr. and Mrs. Geo. Coutts of Toronto, spent a few days at Mrs. Claude Snider's.

Mr. and Miss Barry of Buffalo, spent Sunday last at Miss Lally's.

Miss Scanlan is spending the holidays with Dr. and Mrs. Scanlan.

Miss Edna Buck is visiting at Toronto.

The new creamery is nearly completed.

Born—On Sunday, March 23, 1913, to Mr. and Mrs. Horace Lane, a daughter.

ST. ANDREWS CHURCH

At the vestry meeting held in the Parish Hall Easter Monday, the people's warden, Mr. W. J. Drope, presented an encouraging financial report. The total receipts from April 1, 1912 to March 21, 1913, were $2105.91 and the expenditures $2016.18. The receipts for special purposes were as follows: Sunday school $117.05; choir $28.97 Guild, building account, $726.38; Boys' Auxiliary, $55.44; Girls' Missionary Fund, $13.85; Junior W. A., $8.78; Women's Auxiliary, $159.03.

The following officers were elected, viz: Rector's Warden, Mr. Hamilton Fleming; People's Warden, Mr. J. W. Unwin; the other two being W. J. Drope and Cyrus Nelles.

The following committees were appointed: Rectory Fund. Messrs Linus Woolverton, J. W. Unwin and R. J. Snetsinger; also to consider the possibility of enlarging the vestry for the use of the choir.

Altogether the outlook is very encouraging.

Warning !!

Those who are obliged to drive over Ontario St. are warned to do so on the west side of the street.

The road is in a very dangerous condition owing to the repairs to the water-mains going on and the heavy rains recently, and drivers are warned to be careful.

C. F. MABEY,
Supt. of Works,
Grimsby.

Experienced mothers say Zam-Buk is best for children's injuries and skin troubles, because:

It is herbal—no poisonous mineral coloring.

It is antiseptic—prevents cuts and burns taking the wrong way.

It is soothing—ends pain quickly.

It heals every time.

Just as good for grown-ups.

Sold at all stores and druggists.

Zam-Buk

A BINBROOK WEDDING

A very pretty wedding took place Wednesday at the home of Reeve and Mrs. J. T. Fletcher, Maple Valley farm, Binbrook, when their only daughter, Miss Jane, was united in marriage to Mr. Albert C. Tidey of Hannon, the ceremony being performed by Rev. J. W. Kitching of Binbrook. The parlor was artistically decorated with pink and white lillies, evergreens and foliage. The bride entered the room on the arm of her father, to the strains of Mendelssohn's wedding march, played by Miss Edna Marshall of Barton and took her place under the beautiful arch of evergreens and lilies and looked very charming in a handsome gown of white silk with overdress of embroidered silk voile trimmed with pearl and gold ornaments and shadow lace. She also wore the bridal veil and wreath of orange blossoms worn by her mother at her marriage and carried a shower bouquet of white carnations.

The pretty little maid of honor, Miss Elma Tidey, sister of the bride groom, wore a dainty dress of cream silk and carried a bouquet of pink carnations.

The bridegroom's gift to the bride was a crescent and fleur-de-lis of pearls, to the maid of honor, gold locket and chain, and to the accomplanist, gold beauty pins.

After the ceremony, the guests, numbering about 70, adjourned to the dining-room, which was beautifully decorated in pink and white, where a dainty and bountiful breakfast was partaken of. Mr. Guy Long of this city, acted as toast-master and many congratulatory speeches were made by those present.

A unique feature of the wedding was that four grandparents of the bride and bridegroom were present to witness the ceremony.

The happy couple were made the recipients of numerous handsome gifts, showing the high esteem in which they are held by their many friends.

Mr and Mrs. Tidey left amid a shower of confetti for Detroit and points west on their honeymoon, the bride travelling in a smart tailored suit of grey broadcloth, with plumed hat to match. On their return they will reside in Hamilton.

ST. ANNS

Ben Chapman and family of Winona are visiting at Levi Shaw's.

Miss Mildred Dawdy of Wellandport, is visiting at her grandparents, Mr. and Mrs. Karmon Dawdy's.

Mrs. Geo. Snyder is visiting friends in Fenwick.

Mrs. Geo. Sutherland of Welland, is visiting Mr. and Mrs. John Burch.

Mr. Walter Collaton and Mr. A. W. Teeter attended the funeral of Mr. Bartlett, at Merritt's cemetery on Sunday afternoon.

Mrs. W. S. Felker is spending Easter week with relatives and friends in Marshville.

Mrs. John Ross is spending a few days visiting her daughter, Mrs. Robert Warrander of Stoney Creek.

Mrs. Eli. Smith of Toronto, is visiting friends in this place.

Miss Edna Kennedy made a business trip to Toronto on Thursday.

Miss Cecil Metler of Pelham, visited at W. E. Swartz's last week.

Mr. and Mrs. Silverthorn are visiting friends and relatives in Welland.

Mr. Richard Upper and bride of Stromness, were visiting relatives in this place last week.

W. G. Adams made a business trip to Smithville on Friday.

Mr. John Young and daughter Jennie of Young St., were week-end visitors at Wm. Parke's.

STONEY CREEK

The W. M. S had a service on Easter Sunday at 11 o'clock. Mrs. Simpson, the President, led the responsive service and Mrs. (Rev.) W. S. Daniels gave a very interesting address. The choir was composed of W. M. S. members, who also rendered the singing in the evening, when Rev. W. S. Daniels gave a very appropriate Easter sermon.

Many will be pleased to hear that Mrs. (Rev.) W. G. Davis is recovering.

Miss Hunt is spending the holidays with her parents in Carlisle.

The E. L. & C. E. held its meeting on Wednesday evening and the result of the contest on the reading of the Life of Livingstone, was made known. Miss Annie Dodds was the winner and had the honor of unveiling, the picture of Livingstone.

Mrs. Sinclair and children of Milton, spent the holidays with her sister, Mrs. (Rev.) W. S. Daniels.

The Mission Circle met in the Sunday School room on Friday evening. Mrs. Daniels led the meeting and Passion Week was taken up by Misses M. Dodds, Gladys Millen, Hazel Felker, G. Tuck, A. Dodds, V. Lottridge and Mrs. Daniels. Reading by Mrs. J. Corman. Lunch was served.

Mrs. F. Clark spent the holidays at Bridgeburg.

Reeve Millen and son Clifford, are visiting friends in Detroit and Essex.

The Rifle Club held its final shoot on Friday last. The winners of the prizes for the season were.

1st prize in 1st class.—H. Lee

1st prize in second class—Albert Corman.

1st prize in 3rd class—Arthur Corman.

1st prize in 4th class—Allan Lee.

The Ladies Home Club met at the home of Mrs. Albert Davey on Thursday evening. A short program was given. It was decided to close the club for the season with a banquet on Thursday evening next, at the Parish Hall.

Mr. Glover returned to his home in Saskatchewan this week accompanied by Mrs. Cowan and her daughter Ina, who will reside there several months.

KICKING OVER THE EXTRA $5

A complication arises in the doing away with the Campden telephone exchange. A number from out that direction are to be connected with Beamsville central. The subscribers at this central pay a $20 annual rental while those at Jordan pay $15. The reason given for the difference is that Beamsville enjoys an all night service for this rate. The Jordan subscribers pay extra for their night calls. Those, however, who are likely to be changed to Beamsville central object to the extra five spot on their phone rental and matters are at present being adjusted.—Beamsville Express.

MOTORMAN FAINTED

While running west from Beamsville on the 7 p.m. H. G. & B. car, Saturday, Wm. Groff, the motorman, suddenly fainted while the car was in motion after leaving Winona station. The conductor stopped the car and backed it up to Winona, where Groff was given medical attention by Dr. Wallace, after which he was removed to his home in Hamilton. Groff's sudden illness was due to Stomach trobule, and although his condition is not serious, he will be laid up for a week or so.

IN POORHOUSE AT 106

In the Lincoln Industrial Home there is a man who is a hundred and six years old. He was brought from Port Dalhousie three weeks ago and his name is James Ward. He is still possession of his mental faculties and has no trouble to get around and reads without the aid of glasses.

Ward is an Irishman, born in the County of Monahan in 1807 and he has lived under five British sovereigns. He came to America when he was twenty-three years of age and coming over to Canada soon after leaving New York, he worked on the building of the first Welland canal seventy or eighty years ago. He spent the rest of his life up to some ten years ago working as a helper the canal.

Ward is a smoker and has smoked all his life but he was never much addicted to liquor drinking. He is still quite able to shuffle his feet when anyone plays the fiddle jig-time. His relatives vouch for his great age.

"CHARLIE" RYKERT 82 YEARS OLD

Mr. John Charles Rykert, K. B., entered upon his eighty-second year last Tuesday, being born March 11, 1832, in St. Catharines, where he still resides. The exact spot of his birth was where the Y.M.C.A. building now stands. He is the oldest native resident of the city, in which he has always lived. Here he practised law. He was a mayor for two terms and was Warden of the county for four years. At the age of 28 he was elected a member for Lincoln in the Parliament of Canada, serving three years. From 1867 to 1876 he was Conservative M. P. P. and from 1876 to 1891 was M. P. for his county. Thus he served in three parliaments and is one of the few surviving members of the Dominion parliament at Confederation. He sat for years with the late Hon. John Haggert of South Lanark, who died last week and who often came to Lincoln to speak. Mr. Rykert is the proud possessor of a Fenian Raid medal. He has always been recognized as a courtly gentleman.

Though incapacited by his infirmity, Mr. Rykerte enjoys fairly good health and still takes an active interest in the world's politics.

Causes Much Disease

Advice about Stomach Troubles and how to relieve them.

Don't neglect indigestion, for it may lead to all sorts of ills and complications. An eminent physician once said that ninety-five per cent of all ills have their origin in a disordered stomach.

Our experience with Rexall Dyspepsia Tablets leads us to believe them to be one of the most dependable remedies known for indigestion and chronic dyspepsia. Their ingredients are soothing to the inflamed membranes of the stomach. Rich in Pepsin and Bismuth, two of the greatest digestive aids known to medicine, the relief they afford is very prompt. Used persistently and regularly for a short time, they tend to relieve pains caused by stomach disorders.

Rexall Dyspepsia Tablets help insure healthy appetite, aid digestion, and promote nutrition. As evidence of our faith in them, we ask you to try them at our risk. If they do not give entire satisfaction, we will return the money you paid us without question or formality. Three sizes, 25 cents, 50 cents, and $1.00.

You can buy Rexall Dyspepsia Tablets in this community only at our store:

BEAMSVILLE

Wm. Sinclair and Dan Konkle attended the shooting tournament at Dundas on Good Friday.

Mrs. O'Neil of Toronto spent the week-end with friends in town.

Leonard Riggins, formerly this place, but now of Buffalo, is seriously ill with pneumonia.

The closing exercises in connection with the Bible school will be held on Friday evening.

Kenneth Craig of St. Marys was in town over Sunday.

Mr. and Mrs. Kenneth Casselman of London, were the guests of Mr. and Mrs. Gordon Phillips over the week-end.

Mr. and Mrs. Geo. Howse of St. Thomas and Curtis Howse of Syracuse, N. Y., were visiting in town recently.

Miss Mary Richardson has been ill during the past week. Her many friends wish her speedy recovery.

Miss Carcaran spent Thursday in Toronto.

Misses Bessie and Mable Rodgers of Hamilton are visiting at the home of Mr. and Mrs. W. R. Wilson.

Mr. and Mrs. Book spent the holiday at Niagara Falls.

Mr. and Mrs. Wm. Everitt were visiting friends in Buffalo during the past week.

The smoker in the Social club rooms on Friday evening was well attended and all enjoyed the little puff and program.

Mr and Mrs. McTaggart and daughter spent the holiday with relatives in Springfield, Ont.

The regular monthly meeting of the Women's Institute was held at the home of Mrs. W. R. Woodland on Thursday afternoon last.

Mr. and Mrs. Fred Davey and family of Hamilton were in town over the week-end.

Among the out-of-town visitors who spent the holiday and Sunday here, were: Fred Fairbrother, Thos. Manson, Andy Manson, Sinclair Manson, O. E. Henry and Mrs. Reecer of Toronto, Wallace Walker and Alex Page of Guelph, Frank Hitchman and Ralph Henry of Hamilton, Mrs. John Haywood of Eastwood and Jos. Kester of Toronto.

FUNNY, ISN'T IT?

The wind even blew down the Bay on Good Friday, strange, eh.

I had quite a time with the Customs—versus—The American Express Co., over some Easter hats. When I left for Washington and New York about the first of March, when I got to Buffalo, I didn't see any different hats than what I had in my store. When I got to Baltimore I nearly threw a fit. They were wearing Derby hats with a high band and a bow at the back. I hustled to New York and bought some of those hats. Nine cases from the Von Gal Co. came by Dominion Express on Saturday morning, three cases came by the American Express shipped from Danbury, Conn., the Mallory factory. The bookkeeper passed them at the Custom House at 10 o'clock, they weren't delivered up until about half past twelve, and on phoning the Custom House here, they said they were on The American Express Co.'s wagon. At four o'clock we phoned the American Express and they said they weren's out of the Bond Room. Those Mallory hats I got Monday about noon. That is just one of the little things you have to contend with, in trying to get the latest things for your customers. If you want to some hats different from any you ever saw in your life and all the new spring clothes, don't stop when you get off

AT LAST, HE IS FREE OF LUMBAGO

Because He Took GIN PILLS

Winnipeg, Jan. 6th.

"I have been a sufferer from Lumbago for some years past and during Christmas week had a very acute attack which confined me to the house. About the latter part of April, I met your Mr. Hill and mentioned my complaint to him. He advised me to take GIN PILLS. I have been taking them at intervals during the early part of the present winter, and up to date have had no return of my old trouble—in fact, I feel better than I have for years and think that my old enemy has vanished for good and all." H. A. JUKES.

GIN PILLS will protect your Kidneys and Bladder against the ravages of winter. No matter how much you may dread cold weather, because you have been subject to Rheumatism or Lumbago, you will be free of pain if you take GIN PILLS.

"BLOOD IS THICKER THAN WATER"

Without good red blood a man has a weak heart and poor nerves. Thinness of the blood or anaemia, is common in young folks as well as old. Especially is it the case with those who work in ill ventilated factories—or those who are shut up indoors in winter time with a coal stove burning up the oxygen or emitting carbonic (oxide) gas. This blood, or blood which lacks the red blood corpuscles, in anaemic people may have been caused by lack of good fresh air breathed into lungs, or by poor digestion or dyspepsia. Sometimes people suffer intense pain over the heart which is not heart disease at all, but caused by indigestion. Whatever the cause, there's just one remedy that you can turn to—knowing that it has given satisfaction for over 40 years.

DR. PIERCE'S

GOLDEN MEDICAL DISCOVERY

is a blood cleanser and strength that starts the liver and stomach into vigorous action. It thus assists them to manufacture rich red blood which feeds the heart—nerves—brain and organs of the body. The organs work smoothly like machinery running in oil. You feel clean, strong and strenuous instead of tired, weak and faint. Nowadays you can obtain Dr. Pierce's Golden Medical Discovery Tablets, as well as the liquid form from druggists dealers, or tablets by mail, price one dollar per box size. Adress R. V. Pierce, M. D., Buffalo, N. Y.

DR. PIERCE'S GREAT 1008 PAGE ILLUSTRATED COMMON SENSE MEDICAL ADVISER WILL BE SENT FREE. CLOTH BOUND FOR 50 ONE-CENT STAMPS.

Concrete Foundations For Farm Houses

The increasing difficulty in securing good stone masons gives an added value to concrete, which can be handled with unskilled labor. Its cheapness and durability, as compared with masonry construction, are manifest advantages. With Portland cement at $2 per barrel, sand at $1 per cubic yard, crushed stone at $2 per ton and common labor at 25 cents per hour, concrete walls may be built for ordinary residence work at a cost of 20 cents per cubic foot, or less, owing to convenience of materials and facilities for mixing. The above applies to hand mixing. The foregoing prices about as high as may be expected to prevail anywhere and the items of material cost will ordinarily be lessened by wholesale buying. Good rubble stonework now costs about $3 per perch of 16½ cubic feet, so that the advantages are largely in favor of concrete, especially in view of the fact that a 9-inch concrete wall is equal in durability and carrying power to a 12-inch stone wall, if placed on proper footings.

The simplicity of the operations essential to the construction of a good concrete wall bring it easily within the skill of the ordinary mechanic. All that is necessary is to form a box into which to pour the concrete, and to have the outlines of the box conform to the dimensions of the foundation walls of the building. If the excavation be made with some care and the soil be of stable character, the dirt bank can be made to form the outer wall of the box up to the level of the ground, so that all that is required is to build up the inner wall of stout plank, well braced to resist the thrust of the wet concrete. These wooden walls may be made of the joists which are to be used in the building, as their value for such purposes is not impaired by their temporary use in retaining the concrete walls until they are set.

The footing, 6 inches by 16 inches, may be easily made by digging a simple trench of the required dimensions in the cellar bottom and ramming it full of concrete, allowing it to set before the wall is placed upon it. After the footing is ready the retaining braces may be set to place at their proper places, preferably not more than 4 feet on centres, as wet concrete is heavy stuff and very apt to spring the planking out of shape and leave a crooked wall. The braces being set, ordinary 2 inch joist timber may be slipped in place behind the braces and the concrete poured in. It is well not to lay the planking higher than 2 feet at first and with each succeeding setting, as the concrete will be more easily put in place eand rammed to fill the voids. Sufficient time should be allowed for each layer to partially set before putting on more, and if the wall is of sufficient length to allow setting over night it is all the better. As the mixture is shoveled in it should be thoroughly rammed to fill all voids. When rammed until water floats on top of the mass it is safe to consider all the voids filled. If care is exercised to level the footing much trouble will be saved when the top is reached.

Mixing Concrete

The value of concrete depends absolutely on a few easily understood essentials, such as:

(a) First class cement.
(b) Clean broken stone of proper size, with sharp angles.
(c) Clean, sharp sand.
(d) Proper proportion of aggregates.
(e) Uniform mixture.

Add to these an imperative prohibition against doing concrete work in freezing weather, and if the above conditions are all observed one cannot go far wrong.

The inevitable tendency to cheapen things will frequently lead to the use of natural cements as a substitute for Portland. While there are some brands of natural cement on the market whose strength will justify their use in walls of the character herein illustrated, such cements should never be used until a preliminary test has been made of their strength by the making and testing of briquettes taken from a fair proportion of the amount to be used on the job. Inasmuch as this is essentially an engineering detail and requires the use of special apparatus, it is well on a job of any importance either to submit samples to some good engineering authority for tests or to use Portland cement.

The term "briquette" means literally "little brick," and is simply what the term indicates, a small brick made of sand and cement mixed under specified conditions and proportions and molded in form and size convenient for testing as to the adhesive strength of its ingredients, processes of manufacture and deterioration because of age, and is so marked as to make this testing one of great importance to the farmer, whose building will depend in a great degree upon the stability of his foundation.

It will be a matter of economy in point of time and results secured, to provide a good mixing board on which the aggregates may be properly mixed. For the ordinary job where four shovelers are used a board 10 feet square will be found sufficiently large. This may be made of ordinary sheathing boards cleated together with cross strips of 1 inch by 6 inches placed 3 feet apart. Such boards are sometimes made with a 4-inch strip nailed all round flatwise on the top to prevent running off of the water. Where they are made for permanent use it is better to use matched lumber in their construction, but for the ordinary farm building job they may be quickly made up in temporary manner by using common sheathing boards, which may afterward be used in some portion of the building where the cement stains will not be objectionable.

Mixing the Aggregates

For ordinary foundations of the better class where Portland cement is used, what is known as 1 : 3 : 5 mixture will be found to give entire satisfaction. In cement mixtures, the formulae are arranged in the following manner: Cement, sand, crushed rock; the ratio generally used is one of bulk measure rather than of weight, as the aggregates quantities computed by wheelbarrow loads or shovelsful and avoid the extra labor of weighing each batch. The standard 1 : 3 : 5 formula properly would read as follows:

Parts by measure—Portland cement, 1; sand, 3; broken stone, 5.

The broken stone in the above formula should be cubical in shape, with sharp corners and of such size that 75 per cent of it will pass through a 1 inch ring. It should be free from dirt and of sufficient density to guarantee that it will not crumble under the action of frost. The sand used should be clean, sharp and free from loam or dirt. Gravel or sand which has been exposed to attrition until the corners are rounded are not so suitable for concrete as the sharper kinds. In measuring the aggregates for mixing according to the above formula, we would first put on the board three barrowsful of sand; this should be well spread over the surface of the boards and one barrow of cement spread over it; the mass is now thoroughly mixed by shoveling with a turning motion of the shovel, throwing the mass from the corners to the centre of the board in a heap. The mass is then turned again by shoveling from the centre outward, leaving it in its original form. The mixture is now raked out to a bowl shape and enough water added to mix the whole into a thin mortar, turning the mixture twice as in the original mixing. Now add five barrowsful of crushed stone and again turn the mixture twice as before; the result of this mixture will be to thoroughly coat the entire surface of the broken stone with the mortar, this being the essential requisite to a perfect concrete. The more thoroughly the mass be mixed, the stronger will be the resulting concrete when set.

Some authorities specify mixing the sand, cement and water at the first turning, but our preference is for a dry mixing first, believing that more effective results are secured, though it requires more labor. In using power mixers of the automatic type it would be proper to put all the aggregates in the mixer at once.

Some degree of skill is required to slide the mass off the shovel properly so as to spread it over the board rather than to deposit it in a series of small piles. Attention to this detail will insure an excellent mixture. Within certain limits is better to use the maximum of water in mixing, especially where the mass is confined within forms which will permit the retention of the moisture until the mass is set, slow setting being especially desirable.

In making cellar floors of cement, where the floor rests on a good clay bottom it is possible to use a larger proportion of sand and stone with the cement for the bottom, finishing with a surface of stone chips and sand mixed the proportion of cement 1, sand 2, chips 3, trowelling the surface smooth. In such cases where conditions give a hard natural bottom, a mixture of 1 : 4 : 6, or even 1 : 5 : 7, for the bottom, will give an excellent floor, as the wearing surface is ordinarily not subjected to severe strain. In the case of floors for coal bins, etc., it will be well to adhere strictly to the 1 : 3 : 5 mixture and ram it hard, giving plenty of time to set before exposing it to use. The quality of all concrete will be improved by frequent wetting of all exposed surfaces until it is thoroughly set.

Microbes in Your Scalp

Authorities say that a microbe causes baldness. If you are losing hair try our remedy at our risk.

Professor Unna, of Germany, and Dr. Sabouraud, the great French Dermatologist, claim that a microbe causes baldness, and their theory has been verified by eminent scientists. This microbe destroys the hair follicles, in time causing the scalp pores to close and the scalp to become shiny. Then, it is believed nothing will revive the growth. If treated before this occurs, baldness may be overcome.

We know of nothing that has given such universal satisfaction in treating the scalp and hair as Rexall "93" Hair Tonic. It has been designed after long study to overcome the cause of falling hair as discovered by Prof. Unna, Dr. Sabouraud and other scalp and hair specialists, and we believe it will do more than anything else can to remove dandruff and stop falling hair; and if any human agency can promote a new growth of hair it will do that, too.

We want you to make us prove it. We will pay for a month's treatment of Rexall "93" Hair Tonic used during a trial, if you will use it according to directions, and are not thoroughly satisfied. When we will do this, you surely should not hesitate to at least try it.

Start the treatment today. Your mere request will get your money back if you want it. Two sizes, 50c and $1.00.

You can buy Rexall "93" Hair Tonic in this community only at our store:

Mrs. R. J. Goring has returned home from a three weeks' visit at Newcastle.

Mrs. Chas. Adams and daughter Lola are visiting at Clinton.

Mr. and Mrs. Marsland spent Sunday last at Grimsby.

Mrs. T. N. Vance is visiting relatives at Galt.

Mr. and Mrs. Ellis Murgatroyd and Mr. R. Murgatroyd started last Sunday evening for their trip to Panama.

Miss Meta Hodges attended the millinery openings at Toronto last week.

Miss Lazelle Trembley has returned from Simcoe.

Misses Cora and Mildred Patterson spent Sunday last at Welland.

Misses B. and I. Morgan are remodelling their store.

Died—On Monday, March 3, 1913, at Smithville, Mrs. Lane, in her 65th year.

Died—On Thursday, March 6, 1913, Mr. Minor, in his 86th year.

OYSTER SUPPER

That hardy and persistent perennial, the Grassie Rifle Club, after a season of very shameful neglect, again burst forth in all its old freshness and beauty, on Tuesday evening, March 11, at the home of Mr. and Mrs. J. L. Merritt, when many of its old members and friends gathered for an oyster supper.

A very enjoyable time was spent and we are proud to relate that the reckless daring with which those who have spent a season in the wilds of Parry Sound, faced a plate of oysters, proved a source of great inspiration to the younger members.

SECRETS OF HOME LIFE

Statements made by patients taking the New Method Treatment. They know it Cures

No Names or Testimonials used without written consent

CONSTITUTIONAL BLOOD DISEASE.

Patient No. 16474. "The spots are all gone from my legs and arms and I feel good now. I am very grateful to you and shall never forget the favor your medicines have done for me. You can use my name in recommending it to any sufferer. I am going to get married soon. Thanking you once more, etc."

SAYS TWO MONTHS CURED HIM.

Patient No. 16765. Age 23. Single. Indulged in immoral baits 4 years. Deposit in urine and drains at night. Varicose Veins on both sides, pains in back, weak sexually. He writes:—"I received your letter of recent date and in reply I am pleased to say that after taking two months' treatment I would consider myself completely cured, as I have seen no signs of them coming back (one year).

THE WORLD SEEMS DIFFERENT.

Patient No. 13923. "I have not had a regular Emission I don't know when and am feeling fine. The world seems altogether different to me and I thank God for directing me to you. You have been an honest doctor with me."

VARICOSE VEINS CURED.

Case No. 16883. Symptoms when he started treatment:—Age 21, single, indulged in immoral habits several years. Varicose Veins on both sides—pimples on the face, etc. After two months' treatment he writes as follows:—"Your welcome letter to hand and am very glad to say that I think myself cured. My Varicose Veins have completely disappeared for quite a while and it seems a cure. I work harder and feel less tired. I have no desire for that habit whatever and if I stay like this, which I have every reason to believe I will. Thanking you for your kind attention." etc.

GAINED 14 POUNDS IN ONE MONTH.

Patient No. 13522. This patient (aged 58) had a chronic case of Nervous Debility and Sexual Weakness and was run down in vigor and vitality. After one month's treatment he reports as follows:—"I am feeling very well. I have gained 14 pounds in one month, so that I will have to congratulate you." Later report:—"I am beginning to feel more like a man. I feel my condition is getting better every week." His last report:—"Dear Doctors—As I feel this is the last month's treatment that I will have to get, I thought at one time I would never be cured but I put confidence in you from the start and you have cured me."

FARRELL'S SHOE STORE, - Grimsby, Ontario

CANADIAN NORTHERN

Give Your Boy a Farm

Every farmer wants to provide for his sons, but seldom will the old homestead, developed with toil, suffice to meet their needs. The boys have been brought up to the land. They are familiar with all the phases of farming. They should have land of their own. How is the farmer going to meet this emergency?

The Logical Answer is Western Canada

Thousands of acres, divided into 160 acre farms, are being thrown open for entry by the Dominion Government along or near the lines of the

Canadian Northern Railway

The land gives a wide choice. There are some plots on the open prairie and others again in the well-wooded, well-watered districts in

Manitoba, Saskatchewan and Alberta

A large number of these homesteads are particularly adapted to mixed farming.

Write or Enquire To-Day

Any agent of the Canadian Northern Railway, or the undersigned will be glad to send, on application, full information as to the location of these homesteads and the way to secure and reach them. Write for "The Bread Basket", "35,000 Free Homesteads" and our Peace River Booklet. You will be interested.

FACTORIES
BURLINGTON BRICK FACTORY, now under construction at Appleby, Ontario.
BEAMSVILLE BRICK AND TERRA-COTTA FACTORY, at Beamsville, now in full operation

SECRETARY
Wilfred H. Higgins, 1123 Traders Bank Building, Toronto.

Object of Company

This Company was incorporated in 1912 under the Laws of the Province of Ontario, for the purpose of engaging in the manufacture of clay products of all kinds and more particularly wire-cut, pressed and other bricks hollow tiles and the like.

Demand for Bricks

It is well known that the supply of brick throughout the Province and more particularly in the large towns such as Hamilton and Toronto, is far short of the demand, so much so that millions are shipped every year from distant places, in the United States and Great Britain, and in consequence of this increased demand, the price of brick has risen very considerably in the course of the last few years and appears likely to rise still higher owing to the enormous amount of construction work proceeding throughout the Province.

Many hundreds of contracts are held up every year because of the inability of builders and contractors to obtain the necessary supplies, and this condition of affairs seems likely to continue until such time as the manufacture of brick is very greatly increased.

It must be borne in mind that the demand for building material does not appear to be an abnormal one, due to a sudden "boom" in construction but rather to be increasing steadily, year after year, owing to the general development and opening up in all directions of this fast growing country.

The shortage in bricks is felt severely, and is more apparent in the larger cities, but cause just as much trouble to very many persons interested in the development of the smaller towns and villages throughout the Province.

Properties Acquired

The Company has acquired two valuable properties containing large deposits of excellent shale suitable for the Company's purposes; one situated near Burlington, where a factory is now in course of erection, and the other at Beamsville where it possesses a factory in full working operation.

Burlington Properties

This consists of about 140 acres, being part of Lot 8 Concession 3, Township of Nelson in the County of Halton and situated at Appleby, about two miles north-east of Burlington, ten miles east from Hamilton, and twenty-eight miles west of Toronto.

The deposit of shale occuring on the property has been thoroughly tested by various responsible parties and the reports show that it is eminently suitable for the manufacture of the highest class of clay products. It works smooth, dries well, and burns to a metallic hardness that will ensure an excellent quality of brick.

A number of bricks and tiles manufactured from shale taken at various spots and from different levels, can be inspected at the office of the Compauy. They are all that can be desired in point of quality and finish.

The quantity of the deposit is practically inexhaustible.

The property is traversed across the centre by the main line of the Grand Trunk Railway and the right of way of the Canadian Northern Railway; on the South it is bounded by the Radial Line, which has a siding called Henderson's Siding, opposite to the entrance gate to the Company's property.

The Grand Trunk Railway are putting in about 3000 feet of main line siding on their right of way to handle the Company's traffic, and arrangements have been made for a switch and siding into the Company's factory and this work is now in hand. As soon as completed the Company will be in a position to proceed with the transportation of brick and other heavy material, such as machinery and plant, and in the meantime the excavations for the foundations and the concrete work is being completed.

An electric transmission line passes directly across the property so that power can be obtained at a minimum cost.

A model factory will be erected which will be fully equipped with all the latest and best devices and improvements in this class of machinery and capable of manufacturing over 50,000 brick a day.

The plant machinery and equipment generally are being obtained from The American Clay Machinery Co., of Bucyrus, Ohio, who are under contract to manufacture 250,000 brick when the plant has been completed, thus ensuring that everything is in thorough working order before the Company definitely takes over charge.

The plant will be able to operate all the year round, winter as well as summer, and if necessary can be worked by two shifts, both night and day.

Beamsville Property

This consists of about 57 acres being part Lot 23, Concession 1, in the Township of Clinton in the County of Lincoln, on which is erected a plant in full working order which has been known for the past 15 years and more as the BEAMSVILLE BRICK & TERRA-COTTA COMPANY.

The factory is fully equipped with every requisite for manufacturing on a large scale; the buildings are in good condition.

Apart from engine and boiler, grinders, dryers and all subsidiary machinery, the plant comprises one Simpson 4-Mould Press and one Simpson 2-Mould Press capable of manufacturing over 20,000 pressed bricks a day; and a Centennial Auger machine with a capacity of 30,000 wire-cut, or an output capacity of over 50,000 bricks a day.

There is also a special machine for tiles, hollow ware, etc., of which a considerable quantity is sold in the course of a year.

The kilns consist of four retangular down draft kilns of a capacity of about 150,000 each, and two circular down-draft kilns of about 40,000 each, being altogether a capacity of about 700,000 bricks. One of the kilns is being reconstructed, and all the others are in good working order.

Output Capacity of Both Plants

The output capacity of the factory at Burlington will be over 50,000 bricks a day, and at the factory at Beamsville is over 50,000 a day, and it is the intention of the company to manufacture at both plants by day and night by working two shifts.

This will involve certain changes at the Beamsville factory which are now in hand, such as the installation of electric light, a railway to handle shale, accommodation for extra staff, etc., and everything should be in full working order very shortly.

It is expected that the night shift will produce about 30,000 bricks at each factory.

Until sufficient kiln capacity has been constructed the surplus brick will be burnt in open kilns.

Estimated Profits

It is desirable as a precaution to consider the estimated profits on an extremely conservative basis, and for this reason only to deal with the present output capacity of about 50,000 bricks a day of the Beamsville factory, which is now operating. In a few month's time no doubt the Company's production will be very much larger, especially so when the Burlington factory is in full working order. But even with an output of only 50,000 a day, the approximate results appear sufficiently encouraging.

At the prices now ruling in the market the profit cannot be less than $4.00 per 1000 brick, and on this basis:

50,000 bricks per day for 300 days will amount to 15,000,000 bricks a year.
A profit of $4.00 a 1000 would be about.....$60,000

This may be expected as the profit likely to be secured by the Company on a production of 50,000 bricks a day.

Debentures

Subject to an existing prior lien, the debentures of the Company amounting to $150,000 are secured as a floating charge upon the freehold and other lands, buildings, plant, machinery, equipment and other property now owned or hereafter acquired by the Company, and the whole of the assets and undertaking generally of the Company.

The existing lien consists of a balance of $80,000 remaining due on the option to purchase the Beamsville property, payable $10,000 a year on the first of March of each year, not carrying any interest, the next payment to be made on the first of March, 1914.

The amount required to meet the interest on the $150,000 debentures is $9,000 a year, and this sum would seem to be covered many times over by the estimated profits of the Company taken on a most conservative basis.

An accumulative Sinking Fund will be provided by the Company, commencing in January, 1914, sufficient to redeem the debentures at maturity, and which will be applied by the Trustees in the purchase of the debentures at a price not exceeding 105% and accrued interest.

The debentures are to order, in denominations of $200, with coupons attached payable half-yearly, on the first day of January and first of July of each year. The first coupon is for a full six months' interest, payable on the first of July, 1913.

Sale of Debentures

A limited number of debentures of the Company are now offered for sale on behalf of the owners at the price of 92½ for every $100 of par value, bearing interest at the rate of 6% from the first of January, 1913, together with a bonus of 25% in fully paid Common Stock.

Applications for debentures should be addressed to the offices of the Company at Toronto, Burlington or Grimsby, and accompanied with a cheque in full payment made out in favor of the "Excelsior Brick Company Limited." If no debentures are obtainable, applicant's cheque will be returned.

THE BRICK WORKS

(Continued from page 1)

There is also a special machine for tiles, hollow ware, etc., of which a considerable quantity is sold in the course of a year.

The kilns consist of four rectangular down-draft kilns of a capacity of about 150,000 each, and two circular down-draft kilns of about 50,000 each, being altogether a capacity of about 700,000 bricks. One of the kilns is being reconstructed and all the others are in good working order.

The Burlington plant, which is now under construction at Appleby, Ont. will be one of the best equipped plants of its kind ever erected in Ontario.

The soil at Appleby is also of a high grade and should make brick of a high standard, as it has all the requisites necessary for the manufacturing of good high class brick.

HOMESEEKERS' SETTLERS AND COLONIST EXCURSIONS TO THE WEST

Those taking advantage of these excursions should bear in mind the many exclusive features offered by the Canadian Pacific Railway in connection with a trip to the West. It is the only all-Canadian route. Only line operating through trians to Western Canada. No change of depots. Only line operating through standard and tourist sleepers to Winnipeg and Vancouver. All equipment is owned and operated by Canadian Pacific Railway, affording the highest form of efficiency.

Homeseekers' rates will be in effect each Tuesday, March 3, to October 28 inclusive, and round-trip second class tickets will be issued via Canadian Pacific Railway from Ontario points at very low rates—for example, Winnipeg and return $35, Edmonton and return $45 and other points in proportion. Return limit two months.

Each Tuesday during March and April, the Canadian Pacific will run Settlers' Excursion trains to Winnipeg and West, for the accommodation of settlers travelling with live stock and effects. A colonist car will be attached to the settlers' effects train. This car will leave Toronto on regular train at 10.20 p.m., arriving at West Toronto it will be attached to settlers' effects train as mentioned above.

For those not travelling with stock and effects, special Colonist cars will be attached to regular train leaving Toronto at 10.20 p.m. and run through to Winnipeg without change. No charge is made for accommodation in Colonist cars.

Tourist sleeping cars are also operated on regular train leaving Toronto 10.20 p.m.

One-way Colonist Rates to Vancouver, Victoria, Seattle, Wash., Spokane, Wash., Portland, Ore., Nelson, B. C., Los Angeles, Cal., San Diego, Cal., San Francisco, Cal., etc., will be in effect daily March 15 to April 15 inclusive.

Full particulars from any C.P.R. Agent or write M. G. Murphy, District Passenger Agent, Toronto.

WHO KNEW BERNARD BARTON?

The English mail this week contains news of the wedding to take place on April 8, at St. James church Bushey, Herts, England, of Miss Elena Atkins to Mr. Bernard Barton, late of Grimsby. Bernard is one of the many Englishmen who have made good in the fruit farming profession and has more grey matter which constitutes brains in in his head than is usual which he turned to good account. He was a Boer war volunteer and was known by the Grimsby Boy Scouts as their first leader and instructor.

Here's good luck to them both and the best wishes from their many friends and acquaintances left this side.

Third Meeting of South Grimsby Council

The Municipal Council of the Township of South Grimsby met, pursuant to adjournment, at Brant's Hall, Smithville, on Tuesday the 11th day of March, 1913, at 10 o'clock a.m., all of the members being present.

The minutes of the last meeting were read and confirmed.

The Auditors presented their report.

Moved by Mr. Boulter, seconded by Mr. Morley, that the Auditors report be received and adopted. Carried.

Moved by Mr. Morley, seconded by Mr. Boulter, that the following accounts be paid: Jno. Souter for keeping two indigent people, $3; F. W. Roberts, express charges on assessment supplies, 60c; M. Zimmerman, for pipe, $6.13. Carried.

Moved by Mr. Juhlke, seconded by Mr. Middaugh, that the Auditors be paid $3 each for extra services. Carried.

Moved by Mr. Morley seconded by Middaugh that a by-law be introduced at the nexrt regular meeting, to repeal by-law No. 238 and amendments thereto. Carried.

Moved by Mr. Morley, seconded by Mr. Boulter, that the following accounts for Road Div No. 7 be paid: A. M. Nelson, for 6 hrs. shoveling snow, $1 10; C. Kennedy, for 5 hrs. shoveling snow, 93c; B. McNinch, 2 hrs. shoveling snow, 35c. Carried.

Moved by Juhlke, seconded by Mr. Middaugh, that the following accounts be paid: F. C. Packham, 5 hrs with team $2; T. Wilcox, 6 hrs. labor, 90c; H. Durham, 5 hrs. labor, 75c. Carried.

Moved by Mr. Morley, seconded by Mr. Boulter, that the Clerk notify the Commissioners to file with the Reeve a statement of any necessary repairs to culverts, bridges and ditches in their respective divisions, on or before the 8th day of April. Carried.

Moved by Mr Morley, seconded by Mr Boulter, that this Council do now adjourn to meet in Brants Hall, Smithville on Tuesday the 15th. day of April 1913 at 10 o'clock a.m. Carried.

F. W. ROBERTS, Clerk

ATHLETIC CONCERT A SUCCESS

The concert and boxing tournament held in Spetsinger's Hall on Tuesday night under the auspices of the Grimsby Athletic Club, was a big success in every way and brightened the hopes of the club promoters considerably.

Owing a break-down on the east bound G. T. R. train, on which several of the performers were, the concert was late in starting, not getting under way till close till nine o'clock.

The wrestling bouts were interesting and created a furoe of excitement; several times the crowd got to its feet and yelled.

In the boxing bouts, our old friend Dick Yates fought a draw with Bingell and despite the extra weight of his opponent, Dick showed a lot of class.

The singing and dancing by the different entertainers was good and well received.

The program follows:

An address by the chairman on the benefit of the work for the town.
Descriptiv song.
Sparring bout between Yates and Bingell. Five rounds of two minutes each. Marquis of Queensbury rules.
Song and dance by Kelly.
Bass solo by J. T. Lane.
Personating by James Burick.
Boxing bout between Brown and Bingell.
Good Night by James Burick.
God Save The King.

VINEMOUNT

A wind storm swept over here last Friday that for strength and velocity had all other former efforts in the wind line beaten to a frazzle. J. W. Harper's barn on the L. L. Hagar farm had a large piece taken off the end. Mrs. Manary's barn was unroofed and Mr. Edward Bowslaugh's is reported to have been demolished. The wind got in at the south end of H. Sturch's barn and departed by the roof route, taking a large piece of sheeting and shingles. The amount of damage done in this small section of the country will amount to a good many dollars and anything smaller than a barn that has been blown down is not considered worthy of mention.

Real estate is commencing to boom in this vicinity. Mr. Richard Hynes is reported to have sold his farm to Mr. Harry Smith and Mr. Evan Harvey has bought the farm formerly owned by Mr. Walter Barr, who intends going west.

Mr. and Mrs. H. Sturch spent the holiday with relatives in Buffalo.

The cause of the wind storm could have been understood had it come from the direction of Ottawa.

The Misses Bertha and Edna Ready have been spending a few days in Hamilton.

Mr. W. Ross spent Easter Sunday at St. Thomas.

OLIVE OIL

Olive Oil has many virtues, and among is its use for softening the skin. When harsh spring winds rough the face the oil is very comforting. Wash in warm water, then take a little oil on the finger tips and rub it on gently; very little is required. It is not only healing but its use softens and clears the skin, and it is free from the risk of growing hair, an evil tendency feared with vaseline and some animal fats. The free use of Olive Oil in the diet is beneficial to most people and improves the complexion. Olive Oil used with Grape Fruit instead of sugar is also a sure cure for indigestion

We have a full range of Pure Oil in bottles ranging in price from 25c to $1.00.
